From May through September, the Berkeley Water Ski Club will be sharing the lagoon with BPRC. The chart above shows the priority times for the water skiers. Wednesday evenings beginning in June, there is a waterski club event on the lagoon.

Priority means that we can't get in their way when they have access to the water. We have had a very good relationship with the Water Ski Club the last few years - something we'd like to maintain.

Per agreement with the City of Berkeley, water skier activity is restricted in the following areas:

- ✂ within 50 meters from the BPRC dock
- ✂ within 50 meters from the south end
- ✂ within 50 meters from the east side
- ✂ north of the half-way point
(see diagram)

When the water skiers are on the water, here's how our members have handled it in the past:

- ✂ Leave the dock and go along the south end.
- ✂ When you get to the east side (the side away from the Bay), paddle or row carefully along this side until you are well past the island. It is best to go slowly so that you can brace against the tipping aspect of the waves from the ski boats, and because you might encounter another club member coming in the other direction in the same narrow lane.
- ✂ On the northern half of the water, do your training as you would normally.
- ✂ Coming back to the boat house you reverse this process (i.e. do not return to the boathouse in the regular return lane on the Bay side).
